

U.S. Concrete Names Susan M. Ball to the Company's Board of Directors

August 2, 2018

EULESS, Texas, Aug. 2, 2018 /PRNewswire/ -- U.S. Concrete, Inc. (NASDAQ: USCR) ("U.S. Concrete" or the "Company") announced today that its Board of Directors ("Board") appointed Susan M. Ball to the Company's Board, effective August 2, 2018.

"I am excited to welcome Susan to the U.S. Concrete Board and am confident in her abilities to add additional expertise and a unique perspective to our management team to help drive further shareholder value," said U.S. Concrete Chairman, CEO and President, William J. Sandbrook. "We conducted a comprehensive search for an accomplished and proven expert with extensive finance, accounting and tax experience and I am delighted to have Susan join our Board."

Ms. Ball was previously Executive Vice-President, CFO and Treasurer of CVR Energy, Inc. She spent 12 years with CVR Energy and has a strong background in finance, accounting, and tax in the context of public companies. Ms. Ball has a Bachelor of Science in Business Administration from Missouri Western State University and holds a Certified Public Accountant certificate.

Ms. Ball stated, "I am excited to serve with the U.S. Concrete Board of Directors. The strategic initiatives and foundation of the Board and the Company are very strong, and I look forward to helping build stakeholder value and grow the Company. The work that this Board has already done is tremendous and the strength of the Company's management team is impressive. The strategic outlook and expectations are very exciting. I look forward to pursuing these with Bill, the Board and the Company's leadership."

About U.S. Concrete, Inc.

U.S. Concrete, Inc. (NASDAQ: USCR) is a leading supplier of concrete and aggregates for large-scale commercial, residential and infrastructure projects in high-barrier-to-entry markets across the country. The Company holds leading market positions in the high growth metropolitan markets of New York, San Francisco, Dallas-Fort Worth and Washington, D.C., and its materials have been used in some of the most complex and highly specialized construction projects of the last decade.
