

U.S. Concrete Expands Bay Area Footprint

November 11, 2020

- Company adds assets to concrete and retail operations serving the Bay Area building materials sector -

EULESS, Texas, Nov. 11, 2020 /PRNewswire/ -- [U.S. Concrete, Inc.](#) (NASDAQ:USCR), a leading supplier of aggregates and ready-mixed concrete in active construction markets across the country, announced today that it has acquired the assets of Sugar City Building Materials Co. ("Sugar City") in San Francisco's East Bay area. Sugar City has over 90 years of history and serves all sectors of the building materials market. The deal includes a building material retail operation, two ready-mixed concrete batch plants and two concrete recycling systems. The retail operation will extend the footprint of the Company's Westside Concrete Materials network of locations and the ready-mixed concrete assets will be added to the Company's Central Concrete operation. The additions increase the Westside Concrete Materials' network to six locations and the Central Concrete network to 28 ready-mixed concrete plants.

"An acquisition that adds to all of our Bay Area operations is a big win for U.S. Concrete," said Ronnie Pruitt, President and Chief Executive Officer of U.S. Concrete. "Sugar City's long history in this dynamic market allows us to immediately capitalize on these assets. Beyond the retail and concrete additions, its proximity to our aggregates terminal means we are able to expand our distribution of Orca high performance concrete aggregates from Polaris Materials. These additions strengthen each of our segments and further add to shareholder value."

About U.S. Concrete

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain statements and information provided in this press release are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements include, without limitation, statements concerning plans, objectives, goals, projections, outlook, strategies, future events or performance, and underlying assumptions and other statements, which are not statements of historical facts. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "intend," "should," "expect," "plan," "anticipate," "believe," "estimate," "outlook," "predict," "potential," or "continue," the negative of such terms or other comparable terminology. These forward-looking statements, which are subject to risks, uncertainties and assumptions about us, may include projections of our future financial performance, our anticipated growth strategies and anticipated trends in our business. These statements are predictions based on our current expectations and projections about future events which we believe are reasonable. Actual events or results may differ materially.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We believe that these risks and uncertainties include, but are not limited to: general economic and business conditions, which will, among other things, affect demand for new residential and commercial construction; our ability to successfully identify, manage, and integrate acquisitions; the cyclical nature of, and changes in, the real estate and construction markets, including pricing changes by our competitors; governmental requirements and initiatives, including those related to mortgage lending, financing or deductions, funding for public or infrastructure construction, land usage, and environmental, health, and safety matters; disruptions, uncertainties or volatility in the credit markets that may limit our, our suppliers' and our customers' access to capital; our ability to successfully implement our operating strategy; weather conditions; our substantial indebtedness and the restrictions imposed on us by the terms of our indebtedness; the effects of currency fluctuations on our results of operations and financial condition; our ability to maintain favorable relationships with third parties who supply us with equipment and essential supplies; our ability to retain key personnel and maintain satisfactory labor relations; and product liability, property damage, results of litigation and other claims and insurance coverage issues. These risks and uncertainties also include the effects of COVID-19; the length and severity of the COVID-19 pandemic; the pace of recovery following the COVID-19 pandemic; our ability to implement cost containment strategies; and the adverse effects of COVID-19 on our business, the economy and the markets we serve.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements. All written and oral forward-looking statements made in connection with this press release that are attributable to us or persons acting on our behalf are expressly qualified in their entirety by the "Risk Factors" in our Annual Report on Form 10-K and our Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission. We are under no duty to update any of the forward-looking statements after the date of this press release to conform such statements to actual results or to changes in our expectations, except as required by federal securities laws. There can be no assurance that other factors will not affect the accuracy of these forward-looking statements or that our actual results will not differ materially from the results anticipated in such forward-looking statements. Unpredictable or unknown factors we have not discussed in this press release also could have material effects on actual results or matters that are the subject of our forward-looking statements. We undertake no obligation to, and do not intend to, update our description of important factors each time a potential important factor arises.
